

Diamond Flap Disc Grinding & Polishing Solutions

Saint-Gobain presents our new diamond flap disc for shaping, beveling and grinding of wear resistant ceramic materials such as Durafrax® 2000. Our latest innovation is made from diamond flaps with conventional abrasive flaps. A unique advantage is that our diamond flap disc can be used dry or wet. The diamond flap disc can be used on a broad range of wear resistant ceramic materials providing a beautiful, smooth, even finish on these and many other materials.

System Advantages

- ◆ Dry or wet use
- ◆ Fast cutting speed
- ◆ High stock removal rates
- ◆ Exceptional lifetime
- ◆ Very easy to use
- ◆ No vibration
- ◆ Smooth and even finish
- ◆ No chipping
- ◆ Cost effective
- ◆ Covers a broad range of materials

All of the above statements, recommendations, suggestions and data concerning the subject material are based on laboratory and field results, and although we believe the same to be reliable, we expressly do not represent, warrant or guarantee the accuracy, completeness or reliability of same, of the material, or the result to be obtained from the use thereof. Nor do we warrant that any such use, either alone or in combination with other materials, shall be free of the rightful claim of any third party by way of **INFRINGEMENT** or the like, and Saint-Gobain Ceramic Materials **DISCLAIMS ALL WARRANTIES, EXPRESSED OR IMPLIED OF MERCHANTABILITY**

We Sell Solutions

Analyzing wear problem is a complex process. Our design engineers understand wear problems and specify solutions to suit your operational environment. Material properties, engineering tolerances, attachment methods and material costs are all considered in a Saint-Gobain wear solution.

Applications

- ◆ Chutes / Hoppers
- ◆ Cyclone Separator
- ◆ Elbows
- ◆ Piping Components
- ◆ Nozzles
- ◆ Wear Panels

Markets

- ◆ Coal Fired Power
- ◆ Mineral Processing
- ◆ Chemical Processing
- ◆ Asphalt
- ◆ Cement
- ◆ Grain Handling
- ◆ Iron & Steel
- ◆ Powder & Bulk Solids
- ◆ Abrasive Material Handling
- ◆ Pulp & Paper
